

Marijuana Legislation Roundup

December 2017

With almost 200 active cannabis-related bills, tracking legislation can be daunting. That's why we're introducing the BioTrackTHC Marijuana Legislation Roundup – a quick roundup of all the current marijuana-related legislative progress being made in each state. Something we missed? Come back next week for the state's we didn't cover here.

New Hampshire

New Hampshire legislators filed a bill that would create a cannabis control commission. If passed, [HB1768](#) would likely be implemented in preparation of expanding the states' medical market, or perhaps full adult use.

Virginia

A bill in Virginia would increase the threshold for possession with intent to sell from a half ounce to a full ounce. [SB40](#) would also reduce the penalties for intent to distribute.
